Non GMO Statement

Nutress BV is a Phycom company.

Phycom BV, located in Nijkerk The Netherlands, manufactures and markets nutritional added value applications for feed, food and pharma. This is realized by cultivating and developing food grade algae(products).

Phycom does not use any Genetic Modified Organisms (GMO).

The products are not manufactured from raw materials which are sourced from genetic modified organisms. On site, no raw materials sourced from genetic modified organisms are stored. Phycoms standards for assessing non-GMO status follow the EU regulation 1830/2003.

Phycom implemented and received certification for the fully integrated quality system FSSC22000 and GMP+, including supplier statements and audits in order to manage the non-GMO status of all raw materials.

This message is read and approved by Mr. R. Noteboom, QA Manager of Phycom BV on June 7th 2017.
